

Тёмные эльфы - это эльфы в квадрате. Всё, что характеризует Эльфов относится и к "тёмным" сородичам. В крайности.

Тёмные эльфы стремительны и ловки. Fast, Reflex...

Тёмные - прирождённые маги, и к тому же мастера Дхара. Используя Дхар тёмные считаются на 3 WIP выше.

Тёмные имеют доступ к уникальному многозарядному арбалету, и потому крайне опасны в атаке.

Supreme sorceress и sorceress имеют доступ ко всем школам магии ветров. Warlock - только дхар, кровь, тень и смерть
